2 U. S. WARSHIPS RUSH TO VERA CRUZ TO HALT ANTI-YANKEE OUTBREAK

CORNISH, N. H., Aug. 10.—President Wilson today decided suddenly to end his vacation and return to Washington, presumably on account of the Mexican situation. He sent Secretary of State Lansing a long code message, probably detailing the proceedings to be taken regarding Mexico.

WASHINGTON, Aug. 10.—Following a conference today between Secretary of State Robert Lansing and Acting Secretary of the Navy Benson, it is reported that the battleships New Hampshire and Louisiana have been ordered to speed to Vera Cruz. It is admitted there is a growing anti-American feeling at Vera Cruz. The navy secretary's office flatly denied that the battleships had been ordered south. It is believed, in spite of denials, that the entire Atlantic fleet will be ordered to Vera Cruz shortly. Minister Ortega of Guatemala, expelled from Mexico City, has arrived in Vera Cruz and has taken refuge on the American gunboat. The battleships Louisiana and New Hampshire this morning suddenly began taking on coal at Newport News. The Louisiana is the flagship of the fourth division of the North Atlantic fleet, with Rear Admiral McLane in command.

ANTI-FOREIGN DEMONSTRATION REPORTED IMMINENT

NEWPORT, R. I., Aug. 10.—It is reported that rush orders have been issued to the battleships New Hampshire and Louisiana to proceed to Vera Cruz. Anti-foreign demonstrations are imminent there, according to dispatches.

BORDER PATROL SHOOT, KILLS MEXICAN BANDIT

BROWNSVILLE, Aug. 10.—The United States border patrol today killed a Mexican bandit between Donna and Mercedes. American troops captured a mule carrying a load of ammunition.

MEXICAN RAIDERS SHOOT AT AMERICAN COWBOY

NOGALES, Ariz., Aug. 10.—Mexican raiders, disguised as soldiers, today fired twenty shots at Frank Store, an American cowboy, but did not hit him. A posse pursued, but the Mexicans escaped.

AMERICAN RANGERS SCOUR BORDER FOR BANDITS

BROWNSVILLE, Tex., Aug. 10.—American ranchers and troopers today scoured the border in a vain search for Mexican raiders, escaping following an attack on American ranches. It is believed the presence of a strong force of defenders will prevent more raids.

WANTED HER TO KILL HERSELF, SAYS WIFE

NEW YORK, Aug. 10.—Justice Phillips has signed an order directing Francis Rott-Wheeler, former chaplain of St. Luke's Hospital and now a writer and lecturer, to pay his wife, Christine Rott-Wheeler, \$15 a week alimony pending trial of her separation action.

She alleges cruelty and abandonment, and says he tried to induce her to commit suicide. He denies her charges.

HARVARD GIRLS FORM LATE MARRIAGE CLUB

BOSTON, Aug. 10.—Each member of a new club being formed from the girl members of Harvard Summer School has promised not to marry before her twenty-fifth birthday, and then only to a suitor who has a salary aggregating \$2000 annually. For failure to live up to this agreement, the girl breaking it, must as a bride, give each one of the club a costly present.

\$112,766 REFUNDED TO U. S. BY GUGGENHEIMS

DENVER, Aug. 10.—The American Smelting & Refining Company, controlled by the Guggenheims, has refunded to the federal government \$112,766 in cash for coal mines obtained through alleged false entry.

COALS FROM RANGE BURN GIRL FATALY

BETHLEHEM, Pa., Aug. 10.—Miss Minnie Knoll of Allentown, employed in the cuisine department of the Sun Inn, was fatally burned when live coals from the kitchen range set fire to her dress.

THREE MEN PROBE INTO EASTLAND HORROR

Under the direction of William C. Redfield (center), secretary of the Department of Commerce, A. L. Thurman (top), solicitor of the department, has taken up the Federal investigation of the wreck of the Eastland in the Chicago river. Mr. Thurman was taken into the department by Mr. Redfield. He is from Ohio, and is a graduate of the law department of the University of Virginia. George Uhler (bottom), supervising inspector general of the steamboat inspection service of the Department of Commerce, has been head of the steamboat inspection service since 1903.

LO! POOR INDIAN MAKES PLEA TO BAN INDIAN MOVIE FIGHT

SAN FRANCISCO, Aug. 10.—Rev. Sherman Coolidge, an Arapahoe Indian, president of the American Society of Indians, attending the Indian Progress Congress, today declared that Wild West pictures depicting Indian massacres were evil. He blamed Buffalo Bill and similar characters for making children fear Indians, and said the whites should forget past Indian fights. The movies, he said, misrepresent the Indians, who are a peaceful race, not cruel savages. They fought pioneers because the whites were invaders. He severely criticized the Federal government's method of dealing with redskins, as the Indians feel their liberty has been abridged.

FINDS GIRL FLUNG OFF CYCLE 3 MILES BACK

NEW YORK, Aug. 10.—"You had better hold on now while we are making this hill," George Bailey, of Flushing, driving a motorcycle toward Douglaston Hill, L. I., shouted over his shoulder. Getting no answer he looked back and discovered Miss Anna McCarthy had left the rear seat. He drove back three miles to Flushing and found she had been jostled off and taken into a hospital. She is not seriously hurt.

EXPECT TO USE \$167,800 FOR SCHOOLS THE NEXT YEAR

High School Rate Will Be Lowered Probably Fifty Cents, Rest Unchanged

Estimating that \$77,730 will be needed to run the high school this year, \$80,871 for the elementary schools, \$3000 for improvements and \$6200 for the kindergarten, the Santa Ana Board of Education last night decided to ask County Superintendent of Schools R. P. Mitchell to recommend to the Board of Supervisors that special rates be set for the Santa Ana school district to provide the amounts that will be needed over and above what will come in from state and county taxes.

There is every indication that the high school special tax rate will be cut in half this year. Last year it was \$1.00. F. L. Andrews, secretary of the school board, believes that the high school special rate will not be much, if any, over forty-five cents this year.

At the meeting of the school board last night it was estimated that \$77,730 will be needed to run the high school. Of that amount \$48,300 will be raised by the usual state and county tax method. About \$29,430 will have to be raised by special tax. Of the \$77,730 it is proposed to use \$50,420 for salaries of thirty-nine teachers, \$2900 for three janitors, \$1575 for two clerks and stenographers and \$4000 to meet expenses left over from last year. There will be a balance of \$1430 at the end of the year.

Of the \$80,871 to be raised for the elementary schools \$50,912 will be raised by state and county taxes. It will take a rate of thirty cents, the same as last year, to raise the remainder, \$19,959. Of the total amount, \$55,500 will go to pay sixty-three teachers, \$5550 for janitors, \$12,096 for meeting the left-over charges, and the balance for supplies.

To raise \$3000 for repairs and improvements a rate of five cents will be necessary. A rate of ten cents, the same as last year, will raise \$6200 for the kindergarten.

Schedule Adopted
The following schedule of school dates was adopted:

Sept. 18, Saturday—General teachers' meeting, 10 a. m., music room Poly High.
Sept. 20, Monday—School opens.
Nov. 25, Thursday—Thanksgiving recess, end of first quarter.
Nov. 29, Monday—Second quarter begins.

Jan. 3, Monday—School reopens.
Feb. 2, Wednesday—First semester ends.
Feb. 3 and 4, Thursday and Friday—Semi-annual vacation.
Feb. 7, Monday—Second semester begins.
April 7, Friday—End of third quarter.
April 7 to 17—Spring vacation.
April 17, Monday—Fourth quarter begins.
June 16, Friday—Fourth quarter and second semester end. Intermediate graduation.
June 18, Sunday—Sermon to graduating class.
June 20, Tuesday—Senior class play.
June 21, Wednesday—High school commencement exercises.

Buy Through County
It was decided to make an arrangement whereby County Purchasing Agent J. S. Perry will buy school supplies for the Santa Ana district.

Five bids were received for the construction of a forge shop. These were taken under advisement until Thursday evening.

Miss Elizabeth Bashore was given a year's leave of absence from the intermediate school, and Miss Edna Brown was elected to fill the vacancy. Miss Bashore is to take a special university course.

\$7500 FUGITIVE IS ARRESTED AT CONEY

NEW YORK, Aug. 10.—Samuel Burton, traced from Montreal to a Coney Island hotel through letters to his wife, was arrested charged with fleeing with a \$7500 payroll. Burton is reported to have told the police here that \$1000 was stolen from his satchel in a saloon. He has \$1000 on deposit in a Coney Island bank.

TENNESSEE TO HAITI PHILADELPHIA, Aug. 10.—The armored cruiser Tennessee, carrying 823 marines, with fifty officers, sailed today for Haiti.

BANDITS BLUFF 100 CITIZENS OF KANSAS TOWN. LOOT BANK

MAPLE HILL, Kans., Aug. 10.—Several bandits terrorized the town early this morning while they dynamited the state bank and grabbed \$3000. More than a hundred citizens attempted to interfere but the robbers held the mob at bay and escaped in a thick fog. A posse is pursuing.

JAPAN THROUGH WITH WAR, SAYS DIPLOMAT

PORTLAND, Aug. 10.—S. Tamura, member of the Japanese Parliament, stated today that Japan would not further participate in the war unless Germany renounces her far-eastern activities. He said Japan had fulfilled her treaty demands and made the Pacific safe for the allies' commerce and her duty was done.

GOETHALS TO VISIT BIG FAIR SANS FUSS

NEW YORK, Aug. 10.—Colonel Goethals, governor of the Panama Canal Zone, leaves August 20 en route to the San Francisco exposition. He said he wanted no "fuss" as he dislikes banquets and reception committees.

PROBE DEATH IN S. F.; SUICIDE OR MURDER

SAN FRANCISCO, Aug. 10.—Police today are investigating the death of William P. Hatch, Pacific coast agent for the McCall Pattern Company, found dead sitting at his office desk with a bullet in his head and a pistol beside him. The police hold to a suicide theory, but the widow believes it was murder.

DIAMONDS, NUGGETS STOLEN AT BIG FAIR

SAN FRANCISCO, Aug. 10.—Diamonds and gold nuggets worth \$1000 were today stolen from the Tiffany exhibit in the Mines Building at the exposition. While crowds surged around, the glass show case containing the gems was cut. There is no clue.

THE CITRUS MARKET

NEW YORK, Aug. 10.—Nine cars oranges, three lemons sold. Market generally unchanged; lemons easier. Oranges average \$3.00 to \$5.55. Highest—Old Mission, \$5.95. Weather fair; temperature 68 degrees.

\$100,000,000 GOLD SENT FROM BRITAIN REACHES NEW YORK

NEW YORK, Aug. 10.—One hundred million dollars in gold arrived today from England as payment for war munitions. The gold was guarded by armed men, placed aboard motor trucks and transferred to the United States treasury, where it was deposited to the credit of the J. P. Morgan Company.

FAILS IN ATTEMPT TO LOWER QUARTER MILE WORLD RECORD AT S. F.

SAN FRANCISCO, Aug. 10.—Ted Meredith, holder of the world's half-mile record, failed today in an attempt to lower Maxey Long's record for the straight-away quarter-mile. His time was 48 3/5 seconds. Long's time was 47 seconds.

BILLY SUNDAY DONE WITH DR. AKED; NO MORE CONTROVERSIES

SAN DIEGO, Aug. 10.—Departing for San Francisco today, Billy Sunday said he would pay no more attention to Dr. Aked than he would if he were a saloonist or a brewer. Then he dropped the subject of his northern critic.

CHAUFFEUR SUES FOR \$100,000 AS BALM FOR LOST LOVE

MINNEAPOLIS, Aug. 10.—Thomas A. Kennedy, former chauffeur for Miss Eleanor Mapes, has commenced suit for \$100,000 against her millionaire father, Emory Mapes, secretary of the Cream of Wheat Company, for alleged slander and alienation of the girl who he says had agreed to marry him. The millionaire admits his daughter became engaged to marry her chauffeur.

ERRATIC STORK

NEW YORK, Aug. 10.—Amid three hundred and fifty holiday-makers, Mrs. James Smith of New York today gave birth to a child on the Coney Island beach.

GROWERS EXPECT AN ASSOCIATION PRICE OF 14¢ ON WALNUTS

Regarding the walnut price situation, Dr. J. G. Bernicke said today: "Walnuts were early last year and promise to be even earlier this year. Buyers are like the early bird. It must be said that they are offering good prices, 12 1/2 to 13 cents, orchard run, as reports have it.

"Growers look for an Association price of 14 cents for No. 1 soft shells. If that should prove to be the price the independent buyers may find little profit in their business when they come to do their grading, because number twos will certainly be plentiful and Jumbos few and far between.

"The demand for Jumbos is likely to give them a better price this year than last. The Association found itself obliged to reduce the price on them in 1914 because the output was from three to four times larger than was expected. We may see the reverse in 1915.

"Samples of the new one and two-pound packages may be seen at the Chamber of Commerce now.

"The manager of the California Walnut Growers' Association writes, 'Demands for this package certainly far exceed our expectations. Every jobber in the United States is very enthusiastic over it and we are getting requests daily for additional sample cartons, so that each salesman may have one to work on his trade.'

ADOPTED DAUGHTER COMES INTO FORTUNE

MINNEAPOLIS, Minn., Aug. 10.—Fifteen year old, Alice Gienesk, pretty and 22 years old, was left in Scotland with her three sisters and her mother, widowed when her father died while acting as a missionary in Congo Free State. The girl worked with her mother and sisters in the woolen mills, later being adopted by a Minneapolis couple and brought here. Today she received the fortune of Mr. and Mrs. Robert M. Schermer, who had adopted her. "She was as a daughter to us," read their wills.

SOLDIER REGIMENT IN BATTLE WITH BEES

LONDON.—It was the "Battle of the Bees" in Hampstead, London's pretty suburb. A full regiment of soldiers and a full swarm of bees were the combatants. The bees swarmed Heath avenue. Horses reared, women screamed and ran, the police arrived and then the soldiers were summoned. The bees showed fight and nearly routed the soldiers until one "Tommy" who knew bee lore captured the queen. He put her in a small box in a near-by garden and the bee warriors docilely followed. The battle was over.

GERMANS SHELL CITIES. KILL 13; MAIM 12; AIR FLEET AIMS AT WARSAW, SCOTLAND

LONDON, Aug. 10.—German Zeppelins today raided the English East Coast and killed thirteen persons, wounding twelve. A British aviator attacked and wrecked one Zeppelin. Petrograd reports that a Zeppelin bombed Bielostok, a railway center north of Warsaw. Other airships bombed Kovel without casualties. Amsterdam reports a fleet of five Zeppelins sighted at the entrance to the Zuyder Zee, cruising rapidly northwesterly. If its course is maintained, this fleet will shortly reach the Scottish coast.

The Zeppelins struck between 8:30 and 12:30 o'clock this morning. One man, eight women and four children were killed. Four men, six women and two children were wounded.

The raiders hurled incendiary bombs, but all fires were extinguished. The names of the towns attacked are not divulged. Flight Lieutenant Lord, of the British aviation corps, was killed pursuing the raiders.

An alarm was flashed by wireless to Dunkirk and clouds of British aircraft arose, caught the retreating raiders between two fleets and chased them far out to sea.

The aeroplane fire was concentrated upon one Zeppelin, which fell into the channel.

SOFIA, Bulgaria, Aug. 10.—"Bulgaria will hurl her armies against Constantinople within the next twenty-four hours, provided Serbia is ceded Serbian Macedonia."

This was the announcement made today by Prime Minister V. Radoskavoff of Bulgaria.

The prime minister denied the rumor that Bulgaria might demand possession of Constantinople as her price for joining the war.

He said: "We will fight for but one end—that of extending our borders until they include all the peoples of our own blood."

"But the attainment of that end must be guaranteed beyond the shadow of a doubt."

"If we are asked to fight alone, we are ready."

"If we are asked to fight with Greece, Serbia and Roumania as a new Balkan alliance, our willingness remains, but to the allies we say: 'Give us back Serbian Macedonia and we will fight in the way to serve you best.'"

Radoskavoff is the storm center of the greatest diplomatic swirl in the history of the world. Because Bulgaria holds the key to the world war, diplomats of every power involved are bringing pressure to bear upon him to insure Bulgaria's support.

GERMAN SUBMARINE SINKS BRITISH CRUISER

BERLIN, Aug. 10.—A German submarine has sunk the British auxiliary cruiser India while entering the harbor at Restford, Sweden. The steamer Goestland saved eighty sailors. A Turkish aviator sank a British submarine in the Sea of Marmora—probably the same submarine which sank the Turkish battleship Kheyr-Ed-Din Barbarossa.

THIEVES STEAL SUGAR PLANT'S POWER LINE WIRE, \$450

Porch climbing is recognized among thieves as an ancient occupation, but there is no large chapter in criminal annals given to pole-climbing. Yet pole-climbing netted thieves \$450 worth of foot at Los Alamitos in the last thirty nights. No less than 1500 feet of half-inch copper wire was stolen from a high power line leading into the Los Alamitos Sugar Co.

About a month ago the factory turned on the juice to see that everything about the factory was in apple order for the opening of the sugar making campaign. Finding things in the desired order, the juice was cut off, and that it could not be turned on again on an instant's notice was not known until Sunday night when it was proposed to set the switch and start the current to circulating in the busy motors of the great plant.

The switch was shoved into the proper place, but there was no hum of response. The line was dead. Investigation quickly proved that \$450 worth of high power wire had been cut from the poles and had been taken away. The theft was accomplished sometime in the last thirty days—that close and no closer could the time of the loss be fixed.

Sheriff Jackson and Under Sheriff Inman have made an investigation, but clues were as hard to get as juice was when the switch was shoved into

place Sunday night. The wire was stolen probably at night.

HERE IN AN OVERLAND, AFTER SUCCESSFUL TRIP

Arriving here yesterday in an Overland, Mr. and Mrs. George A. Goerig and their two daughters stopped for a day's visit with their old friends, Mr. and Mrs. J. M. Akins of Santa Ana. The Overland has made 2920 miles on the trip from Woodland, Wash., without the slightest hitch excepting one small puncture. Mr. Goerig is starting back without having the car overhauled.

NOTHING DEFINITE IS DECIDED BY BEAN MEN

Nothing definite resulted from the meeting of bean growers which was held at the Irvine school house yesterday afternoon. W. A. Cook, B. W. Jerome and George Jeffrey, the committee which went to Oxnard to confer with A. and H. Levy, bean buyers, reported that the Levy firm had not given any assurance that they would pay five cents a pound for beans in the event that they could secure seventy-five per cent of the beans in Southern California for a period of three years. It had been understood that the Levy brothers had made the five-cent offer.

GETS VALENCIAS FOR EXHIBITS AT BIG FAIR

D. W. McDannald Here Sunday On Another Expedition After Fine Products

D. W. McDannald, Orange County representative at the San Francisco exposition, was home over Sunday on another of his scouting expeditions in which he rounded up more of Orange County's fine fruits for exhibition at the big fair.

McDannald's trip had in mind especially the gathering of a lot of Valencia oranges, some of which he got Sunday at Fullerton. He was also seeking ahucates, cumquats and especially, the newly discovered salad oil, expressed from walnut meats.

This oil is superior to anything heretofore known and while at present only an experiment is being made in the future supply of other oil on the tables of lovers of good eating, and will, without doubt, bring hundreds of thousands of dollars to Orange County.

McDannald says that Orange County has in San Francisco the most exceptional show of walnuts on earth. Every known variety is represented, and viewed and admired by visitors from every part of the world.

McDannald furnishes all inquirers with the literature of the Orange County walnut association and the orders through these alone will amount to not less than 100 tons for 1915. McDannald declares that the value of the publicity thus given would pay the entire cost of the Orange County exhibits.

Mr. McDannald has been able to secure for this county not one, but three displays; a large table in the Southern Counties building, one in the Agricultural and one in the Horticultural building. The authorities have placed still more space at his disposal should it be required.

The Orange County displays are attracting more attention than almost any other exhibit of fruits and vegetables in the whole of the Fair, as it consists principally of rare tropical and sub-tropical fruits, such as: Ahucates, cherimoyas, zapotes prietos, loquats, guavas, cumquats, granadas (pomegranates), dasheen (a giant tuber), carib beans, varnish nuts, mangos, etc., as well as products of the temperate zone, as: Pecans, Japanese persimmons, walnuts, oranges, lemons, grape fruit, giant peanuts and the like.

McDannald's services are of inestimable value to Orange County. Thus far he has secured one gold and two silver medals and by the close of the exposition expects that our exhibitors will have received not less than 40 awards in all.

The exhibits are unique, and in most cases there is no competition. Soils and climate are such that Orange County can produce rare fruits that cannot be successfully grown elsewhere in Southern California.

From Orange County he receives a fresh supply of ahucates each Saturday and those on hand are sold to commission merchants for almost their original cost. An analysis of these fruits shows that they contain about 30 per cent of fat; whereas specimens from any other locality show only 12 to 14 per cent.

Giant pecans grown near Fullerton already have received a gold medal. A dealer from Jacksonville, Florida, wanted 25 sacks of walnuts and tried to force the money on Mr. McDannald in order to make sure of getting them.

E. A. Burns, the chairman of the committee of awards at the Exposition, says that the rare fruits from Orange County are one of the principal and most attractive exhibits.

ARE WOMEN NATURALLY DESPONDENT.

A prominent writer so claims. Women are constituted with a delicate organism and in nine cases out of ten mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, sleeplessness, backache, headaches, causing constant misery and as a result despondency. Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, is the one great remedy for this condition. It goes to the root of the trouble and overcomes despondency.—Advertisement.

TRAIN DITCHED WITH 180 POWDER MEN

NEW YORK, Aug. 10.—A train carrying 180 skilled mechanics employed at powder works and other passengers was ditched near Carin, N. J., on the Raritan River railroad. President Himmelsberger of the railroad said the wreck was caused by an iron bar placed on the track at a dangerous spot. He believes the purpose was to disable indispensable men at powder factories. One of the two cars of the train was ditched.

The mechanics are employed at the Du Pont-de Nemours Powder Works, Union Powder Company's plant and Nixon nitrate works.

GOING TO BUILD SHED, BUNKERS WAREHOUSE

The County Highway Commission is preparing to start the construction of a warehouse, bunkers and a shed on the property leased by the county as a highway supply station. This property is located on the Santa Fe south of the Union Oil Company's plant. Plans for the buildings were discussed at a meeting of the County Highway Commission and Engineer S. H. Finley this morning.

A warehouse is to be built for storing cement. There will be a tank for oil and bunkers for crushed rock, sand and gravel and a shed in which to house wagons and other equipment. It is proposed to use this station as headquarters for the materials used in highway maintenance work.

BETTER FREIGHT FACILITIES

Hereafter when an eastern shipper has a small package of freight to go to any of the more important cities in the Northwest, in the Missouri River territory or in the Southwest, he will be able to send it in a car that will go straight through to destination without the package being transferred to any other car.

The Pennsylvania railroad has inaugurated a practice of sending through cars of merchandise freight by its star-Union line daily from New York to far western points, regardless of the quantity of freight offered for shipment.

Heretofore small consignments of merchandise from New York to far western points have been transferred at various junction points en route, thereby causing delay. The inauguration of the improved service by the Pennsylvania means that hereafter merchants will be assured of a quicker and safer transportation service than they have hitherto enjoyed.

AT THE COURTHOUSE

CONVICTION FOR OVERDRAWING ACCOUNT IS DIFFICULT

Caravantes Not Guilty. Jury Not Convinced of Intent to Defraud

When it was proven beyond any doubt that Harry T. Caravantes of Los Alamitos on May 15 drew a check on the first National Bank of Artesia when he did not have sufficient funds in that bank to meet the check, the jury that tried him brought in a verdict of not guilty. The reason for the verdict seemed to be that the jury was not convinced that Caravantes issued the check with the knowledge that he did not have and would not have enough money at the bank to meet it when it got there. Caravantes declared that he had no intention to defraud. Under the decision of the jury yesterday prosecution for over-drawing accounts would be futile.

This was the first jury trial that has occurred in this county under prosecution for an insufficient-fund check. The no-fund check cases are familiar ones, and prosecutions for them have been frequent. In the case of the no-fund check the prosecution's opportunity to prove intent to defraud is wide open as compared to the case of the insufficient-fund check. The fact that a man draws a check upon a bank where he has no account is very nearly prima facie evidence of intention. Occasionally some person accused of issuing a no-fund check declares that it was his intention to beat the check to the bank and make a deposit to meet it. While that is no excuse for issuance of a no-fund check, and rarely avails, still it is an excuse that the district attorney's office sometimes meets.

The insufficient-fund check is a check drawn upon a bank where the person drawing the check has an account but has not sufficient funds in the bank to meet the check. Caravantes had made several deposits in the Artesia bank, one being for \$20, another for \$17 and two others for lesser amounts. Against his account he drew several checks. He had but \$2.05 in the bank when he gave a \$5 check to a Mexican at Los Alamitos. This check was never paid. The bank returned it marked "insufficient funds."

Caravantes was prosecuted and fined for running a gambling joint in connection with his barber shop at the sugar town. The district attorney's office became convinced that Caravantes had issued the check with intent to defraud, and upon that belief the prosecution was started.

Deputy District Attorney Koepsel represented the office in Caravantes' trial in the superior court before Judge West and a jury, while Caravantes was defended by Attorney F. C. Drumm of Orange. Caravantes testified that he had laid the money down on the table in the justice's court at the preliminary examination and offered to square the check right then, but that his offer was refused. Koepsel stated that he had no remembrance of any such offer.

"The jury in this case evidently took the view that Caravantes should not be punished for overdrawing his account," said Koepsel today. "It was evidently impressed with Caravantes' plea of no intent to defraud. Under the old law the penalty for issuing a no-fund check or an insufficient-fund check with intent to defraud was from one to fourteen years in the penitentiary. Under the new law, which was aimed to aid prosecutions for overdrawing accounts where the intent to defraud might not be as clear as in no-fund check cases, the penalty is fixed at either a sentence to the county jail for not over one year or to state's prison. The banks have taken a stand against allowing depositors to overdraw their accounts, and checks are coming back marked 'insufficient funds' by the dozen where there used to be one.

"If the verdict in the Caravantes case is sustained, it will be a landmark in the history of the law in this county."

THIN MEN AND WOMEN

DO YOU WANT TO GET FAT AND BE STRONG?

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract properly assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful use in flesh building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixing with the digesting food tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks filling out, hollows about your neck, shoulders and bust disappearing and your taking on from 10 to 20 pounds of solid healthy flesh. Sargol is harmless, inexpensive, efficient. All leading druggists of this vicinity have it, and are authorized to refund your money if weight increase is not obtained as per the guarantee found in each large package.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

case is to be taken as a criterion, a jury will not convict a man for a plain case of overdrawing an account. The necessity of proving intent to defraud is a big item in these cases, from the standpoint of the prosecutor. It is my belief that in the Caravantes case the evidence to show fraud was stronger than it is likely to be in many cases of overdrawing of account. It will be easy enough to lay before a jury the evidence of the fact that a man did issue an insufficient-fund check, but to convince that jury that the check was issued with a knowledge that there was not in the bank enough money to meet it, that it was issued with intent to defraud is another matter."

IN THE JUSTICE COURT

GOLD MINE NOT THE PRODUCER HE EXPECTED

Preliminary Examination of C. F. Fowler to Be Finished Tomorrow

Ben M. Clay yesterday told Justice Cox how much gold he found and how much gold he did not find on a claim in El Dorado county sold to him by C. F. Fowler. Fowler was in justice's court with Attorney H. C. Head appearing for him on a charge of getting money under false pretenses from Clay. The hearing is to be completed tomorrow.

Clay alleged that he is loser \$75 by representations made to him by Fowler. He said that Fowler told him that there was no use in Clay working in Santa Ana with a wheelbarrow at \$2.25 a day when he could easily make \$5 a day out of the El Dorado mine. Fowler was willing to sell a claim to Clay for \$200. Clay made a payment of \$75, went to the mine, and says that it failed to pan out.

J. Burton never visited the mine. He paid \$200 for an interest, but he decided not to go to the place until after Clay and three men from Orange went to it and made their reports on the outlook. The men from Orange were William Sharp, who said he would know a placer mine when he got into it, W. D. Harden and P. W. Sixma. Harden and Sixma said they would depend upon Sharp's judgment. They did not pay without seeing the mine and giving it a panning. Sharp testified yesterday that after he had done a little work on the claim he knew it was not worth anything, and he and the two Orange men did not buy.

Clay, however, had already put up \$75. He said that instead of being able to make \$5 a day, he and five other men worked for six and a half days and got \$9.40 altogether. Another time, five days work produced \$11.00.

Fowler denies that he misrepresented the conditions. He said that he told Clay that nobody could tell what was under the surface. He also declared that the mine was not given a fair shake. He said that some of the workers quit working and went fishing. W. I. and A. T. Fowler were called as witnesses and testified to hearing the conversation in which Fowler said that he told Clay that nobody could tell what was under the surface of the claim. Fowler will go on the stand again tomorrow.

Says Driver Drunk

This morning Motorcycle Officer Ballard swore to complaints charging Roger H. Mills, employee of a garage at East Newport, with speeding and with driving an automobile while intoxicated. Ballard says that he was returning from Orange when he saw Mills swerve on North Main street at the point where the city pavement joins the state highway, and that five automobiles in a row all narrowly missed being struck by the machine Mills was driving. Mills was going north. Ballard turned around and gave chase, convinced that Mills was in no condition to be driving an automobile. Mills was on West Chapman street going toward Orange when Ballard caught up with him and checked Mills' speed at forty miles an hour. Mills protested strenuously against arrest. Ballard took him to the city hall at Orange, and then to the county jail at Santa Ana, where \$50 bail was put up for Mills' appearance in court tomorrow. In the machine with Mills was a man who said he was Mr. Ashlen, owner of the machine. This man put up the \$50 bail. The car's number is 105,135, registered by Spencer C. Ashlen, Riverside.

Oldham Fined
W. B. Oldham pleaded guilty to battery upon two P. E. conductors near Huntington Beach Sunday night, and paid a fine of \$50. Justice Cox also suspended over him a sixty-day sentence to the county jail. Oldham promised that he would not endeavor to beat up any more P. E. conductors. From Oldham's appearance, he did not do all the punishing. His face looks as though it had been a target for a number of straight arms. Oldham got into a difficulty with a conductor because he insisted on being allowed to ride past Huntington Beach when he had only paid fare to that place.

For Cutting Corner
Manuel Vera paid a fine of \$5 for cutting the corner at Fourth and Main streets with his motorcycle. Officer Pond made the arrest.

THE CHILD'S LIFE IN VACATION

For many weeks school children long for their annual summer holiday. They dream of the days when they shall once more wander free from all restraints. Yet, as a matter of fact, when vacation time does arrive, many of them spend their time hanging around and asking their mothers what they shall do next.

The lawless and irresponsible freedom of vacation is a detriment to many children. They become petulant if asked to give an hour a day to little tasks for the family convenience. Yet they are able to take long jaunts and play incessantly in the sun. Children that seem perfectly well and self-controlled in the regular discipline of school term, often become irritable and nervous in vacation, at a time when they are supposed to be receiving benefit from out door life and mental relaxation.

It is the opinion of educators and social workers that the modern child has too little to do. In modern town life, there may be no task left for them to perform. The custom of regular work seems to have gone out of fashion. One child frets if required to mow the lawn or sweep the walks while the other children are roaming the streets.

A high school principal was speaking the other day of the bad effects of the loafing habit on the older children. He felt it so keenly that he got the boys of his school to agree to pay a fine of five cents each time they were seen loafing around street corners by a teacher. The assessment was paid to the athletic association of the school, so all felt good natured about it. It practically cured street loafing by the boys of that school.

The trouble with the idea was that it applied only on Saturdays and after school during term time. During summer vacation, teachers scattered and the young folks could hang around the streets to their heart's content. But parents may well consider the suggestion as a vacation policy. A little regular work for school pupils during vacation will often save the younger children from getting over-tired at strenuous plays, and will help prepare the older ones for more serious responsibilities later on.

POLITICAL PROPHECY

We hear and read a good many political opinions and prognostications these days. Many of these were brought out in this state and right here at home by the recent visit of Colonel Roosevelt to California. It is generally conceded that Colonel Roosevelt looks upon Governor Johnson as more than a possibility for the Progressive presidential nomination.

Predictions that have been made by political wise men of Santa Ana run thus: The Progressive ticket will be Roosevelt and Johnson.

Johnson will head the ticket with some eastern man as a running mate. Roosevelt will be nominated by the Republicans and endorsed by the Progressives, and will be elected.

If Wilson keeps the country out of war, no Republican, no Progressive and no combination of Republicans and Progressives can beat him.

Gilson Gardner, one of the leading newspaper correspondents of the country, who represents the Newspaper Enterprise Association in Washington, has been looking over the political situation in Ohio and finds the sentiment there strong for Johnson for president. He calls attention to a unique feature of the primary law in Ohio, when he asks:

Will Elihu Root give his written consent to be a candidate for president? He will have to if he gets any delegates from Ohio. So will Woodrow Wilson, Hiram Johnson or anybody else who proposes to take a hand in the presidential game.

Ohio has a new constitution and one of its provisions is that delegates to presidential conventions shall be chosen at primaries and that every candidate for delegate shall be obliged to announce his first and second choice for president and that such first and second choice must give his consent in writing; otherwise his name cannot be used.

This was intended to prevent the practice of taking a lot of dummy delegates to a national convention and trading them in deals between the bosses. How it will work will be interesting to see. The law was intended also to bring all candidates into the open and to make it less easy to force the presidential office on some modest but weakly resisting sister.

John D. Fackler of Cleveland, early active in the Progressive party, had a hand in getting this amendment in to the new constitution and he says

CALIFORNIA'S INDUSTRIAL ACCIDENTS

The Supreme Court of the State of California August 4 declared constitutional the Workmen's Compensation, Insurance and Safety Act. Now that the new system has been approved by the highest tribunal in the state, the last report of the Industrial Accident Commission is interesting, especially as it deals with the change from elective to compulsory compensation. An amendment to California's Constitution enabled the Legislature of 1913 to enact the present statute.

During the two years and four months from September 1, 1911, to December 31, 1913, 1160 employers in California elected to operate under the permissive law. About 75,000 employees were automatically placed under compensation by the election of the employers.

On January 1, 1914, the elective law was superseded by the act just declared constitutional. During the first six months of the operation of the act there were 26,958 persons under its protection who sustained injuries or greater or less degree. All of these were compensable, at least to the extent of receiving medical and surgical treatment to cure and relieve them from the effects of their injuries, but of this total number, only 3438 were entitled to disability indemnities in addition to their medical and surgical treatment. A significant fact is that of these 3438 persons entitled to indemnities, there were only 323 instances in which controversy arose. In other words, over 3000 cases were settled between employers and employees or the employers' insurance carriers, without dispute. The number of controversies referred to the commission was a little more than 10 per cent of the compensable injuries.

The Permanent Disability Rating department prepared a schedule that will answer 1,080,000 questions based on the physical injuries or disfigurements, the occupations and the ages of workers who meet with industrial accidents causing permanent losses. This schedule is easily mastered by means of two key pages, and employers, employees and insurance carriers have found the plan works admirably in estimating the number of weeks compensation due each injured person. California is the first state to take the labor of estimating compensation, the criterion for estimating compensation. Several other states are contemplating following this method.

The medical department arranged a fee schedule in co-operation with the Medical Society of the State of California. By this means uniformity in charges is attained. Medical referees of the highest skill determine the nature of injuries in cases of controversy. The State Compensation Insurance Fund proved a success from the beginning. The purpose in view was to have the fund serve as a regulator of rates and to return to employers premium.

he is looking forward with pleasure to testing it.

"Will the Progressive party have a presidential candidate?" Mr. Fackler repeated. "I should say it would. My candidates for first and second choice are Roosevelt and Johnson. If Roosevelt will consent to run again of course he can have the delegates from Ohio. But if for any reason he does not want to make the race, Johnson is the logical man. He has carried out in his state the promises of the Progressive platform and the people show how well they think of that kind of man by re-electing him."

Johnson made a fine impression when he campaigned here as vice-presidential candidate three years ago, and I predict he would poll a big vote if nominated for the presidency.

Supplementing the statement of Mr. Fackler, the following statement is given from James R. Garfield:

The Republicans in Ohio have made it impossible for the Progressives to come back. And the same appears to be true as to the presidency. The so-called national leaders of the Republican party—the men who took the nomination for Taft at Chicago four years ago—are evidently determined to follow a political course as unlightened as the one they chose on that occasion. They are still blindly reactionary. They are planning the nomination of candidates whom no Progressive could, by any possibility, support—men like Root, Weeks or Mr. Burton of Ohio, and they are planning platforms which are as reactionary as their candidates.

I am therefore hoping and expecting to see the nomination by the Progressives of some good, strong man for governor here in Ohio, and of a man like Roosevelt or Governor Johnson of California for president.

It is futile to talk of going back to a party whose governing spirits are Wm. Barnes of New York, Boies Penrose of Pennsylvania and Winthrop Murray Crane of Massachusetts. It is equally futile to talk of supporting such nominees as Elihu Root, John W. Weeks, Charles W. Fairbanks or Theodore E. Burton. These men are without even suggestions of Progressive leanings, and there is not even a hint of the possibility that the old guard might be willing to compromise on some candidate less reactionary than those named. It would seem that the four million votes cast by the Progressive party in the last presidential election made no impression on the Republican managers. The same protest against reaction made in that election will have to be repeated.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE

In the Superior Court of the State of California, in and for the County of Orange.
In the Matter of the Estate of Frank A. Rice, Deceased.
IT IS ORDERED BY THE COURT, That all persons interested in the estate of said deceased appear before the said Superior Court on Friday, the 3rd day of September, 1915, at 10 o'clock A. M. of said day, at the Court Room of said Superior Court in the Court House in said County of Orange, State of California, to show cause why an order should be granted to the Administrator of said estate to sell all of the real estate of said deceased.

And that a copy of this Order be published in the Santa Ana Daily Evening Register, a newspaper printed and published in said County of Orange.

Judge of the Superior Court.
Dated this 26th day of July, 1915.

sums paid in excess of losses, expenses and a reasonable amount for a reserve fund. This has been accomplished. There has been no expense of any character to the state in operating this department. Substantial dividends have been returned to employers. There were 4417 applications for compensation insurance received from employers during the first six months, and 1417 accident cases handled under the policies issued. Only seven disputes were referred to the Industrial Accident Commission for adjudication. The surplus of admitted assets over liabilities was \$192,529.57, and, allowing for the statutory reserve of 72 per cent of earned premiums, the total net surplus was \$133,893.44. The operating expenses of the fund are paid from premiums and not by the state, such expenses having been less, in proportion to premiums, than those of any other insurance carrier.

Compensation insurance is issued with provision for the reduction of each manufacturer's premium rate upon the installation of safeguards and other methods of preventing accidents.

Of particular importance is the safety department. On all sides it is conceded to be better to prevent an accident than to pay for one. A working agreement was entered into with the United States Bureau of Mines whereby a mining engineer was selected for California. The Federal and State governments divide equally the cost of salary and expenses. A small force of expert safety engineers was appointed, under a superintendent of safety of wide experience. Employers cooperated with the safety department in such a cordial manner that the safeguarding of machinery, the formation of shop committees to assist in preventing accidents, the use of signs and other methods of publicity, caused a decrease in the death and serious accident lists. Conferences were held in various parts of the state with employers and employees and others interested. "Safety" has become a vital factor in California's industries. Safety museums were opened in San Francisco and Los Angeles. Membership was secured in the National City Council, so that experts in other parts of the United States could be called in consultation with the commission's staff. First-aid instruction has been given miners and other groups of workers liable to sustain accidents. Practical, home-made safeguards at a minimum of expense have been advocated.

The statistical part of the report is replete with information, dealing with such subjects as cost of deaths and accidents, causes of accidents, dependency on the injured, accidents grouped according to the industries and giving the frequency estimated on age and other factors.

MAY MEAN BUILDING OF PACIFIC ELECTRIC INTO CORONA

That there is a possibility of the early completion of the link between Corona and Yorba Linda, which will give Riverside and Corona another Pacific Electric line into Los Angeles, is indicated in the following report in Sunday's Examiner:

Surveyors are at work on the last link of the short line of the Pacific Electric railway between Los Angeles and Corona, which, when completed, will provide rapid and cheap transportation for the residents of the new Corona farms of the Janss investment Company.

Although this line has been completed and in operation as far as Yorba Linda and Stern for some time, work on the link between Stern and Corona was not started until last week.

This short uncompleted section is through the Santa Ana canyon and presents one of the most difficult electric road construction problems in Southern California.

It is stated, when completed, it will afford another scenic electric ride to rival the most popular trips now out of Los Angeles, and will shorten considerably the running time between these two cities.

Enrollments are now active at the Orange County Business College.

INFORMAL AFTERNOON

Miss Alma Cock Charming Hostess to C. E. F. L. Club

Miss Alma Cock was hostess to the C. E. F. L. Club last Friday afternoon at her home in Tustin. The time was delightfully whiled away with fancy work and bathing in the sulphur pond. The members entertained were Mrs. Ralph E. Williams, Mrs. George Napoleon, Mrs. Laura Harris and Mrs. Clyde Deardorf. Other guests were Mrs. Fred Buchanan, sister of Mrs. Harris, of Oregon; Mrs. F. M. Thomas, mother of Mrs. Deardorf, and the Misses Gladys Buehler Thomas. The affair was planned as a farewell to Mrs. George Napoleon, who left the following morning for an indefinite stay in Central America, where her husband has mining interests.

House Guests Entertained

Mr. and Mrs. F. C. Rowland are entertaining a number of relatives and friends from Missouri at their home, 810 McClay. They are Miss Ruth Rowland, a sister of Mr. Rowland, of Kansas City; Miss Myrtle Hurt, of Ash Grove; Miss Alberta Hendrickson of Springfield, Mo., and Mr. Albert Rowland, a cousin of Mr. Rowland, of Emporia, Kans. Mr. Albert Rowland will leave tomorrow for San Diego, where he will visit the exposition.

All-Day Picnic Meeting

The annual all-day picnic meeting of the Woman's Missionary Society will be held tomorrow at the home of Mrs. H. S. Gordon, 402 Cypress avenue. Any who have attended these enjoyable gatherings before know the treat in store for them. Others interested are invited to avail themselves of this opportunity to meet socially and intellectually with members of the church. Miss Mary Ransom of Osaka, Japan, will address the afternoon session, also the Presbyterian president, Mrs. Clelland. Kindly bring individual basket lunch, or any who wish to put lunch together, phone Mrs. A. R. Rowley, 380-W. Morning session opens at 10 o'clock. Social hour and lunch at noon. Afternoon session, 2 o'clock. Bring your own dishes and silverware.

Guests Return to Los Angeles

Mrs. John Metcalf and daughters, the Misses Lucile, Marion and Nettie Metcalf, who have been guests of Mr. and Mrs. Fitton, 1602 Norcia Bush street, also at the home of Mr. and Mrs. J. P. Fitton in Orange, left this morning for their home in Sioux City, Iowa. They will go by way of Los Angeles and San Francisco, spending some time in both places.

UNDISCOVERED COUNTRY

Could we but know
The land that ends on dark, uncertain travel,
Where lie those happier hills and meadows low,
Ah, beyond the spirit's utmost cavi,
Aught of that country could we surely know,
Who would not go?

Might we but hear
The hovering angels high-imagined chorus,
Or catch, betimes, with wakeful eyes and clear,
One radiant vista of the realm before us—
Ah, who would fear?

Were we quite sure
To find the peerless friends that left us lonely,
Or, there by some celestial stream as pure,
To gaze in eyes that here were lovelit only,
This weary mortal coil, were we quite sure,
Who would endure?

—Edmund Clarence Stedman.

WEDDING PLANS

Miss Clara Wells Completes Arrangements For Quiet Nuptials This Evening

The wedding of Miss Clara Wells to Mr. Ray Lambert will take place this evening at 8 o'clock at the home of Mr. and Mrs. George Wells, 1118 West Third street. Mrs. Edward Abbott of Los Angeles, an only sister of the bride-to-be, will be matron of honor, while Mr. Abbott will act as best man. The ceremony will be performed by the Reverend Joseph A. Stevenson of the First Presbyterian Church, and the wedding march will be played by Mrs. Barry McPhee. Preceding the ceremony Mrs. Nat H. Neff will sing Neven's "Nightingale Song," and Miss Sally Wilson of Long Beach will sing "Oh Promise Me."

Pleasant Outing Planned

Mr. and Mrs. E. E. Keech and daughters, the Misses Kara and Madeline Keech, and son, Douglas, will leave the early part of next week for Keen's Camp in the mountains, where they will be joined by Mr. and Mrs. Kellogg McCarthy and little son for a month's outing. Mrs. McCarthy was formerly Miss Helen Keech.

W. C. T. U. MEETING

County Executive Appoints Delegates to National Convention

The Orange County W. C. T. U. executive held a very interesting business session and afternoon program yesterday at Huntington Beach in the Methodist church, beginning at 10 o'clock. Mrs. F. J. Rogers, county president, opened the meeting in the morning. Mrs. E. T. Scott, a state lecturer, led the devotional services. The usual business of the executive was attended to.

The president, Mrs. F. J. Rogers, was elected a delegate to the National Convention of the W. C. T. U., which will be held in Seattle, Wash., in October. Mrs. Gertrude Foster, of Anaheim, was elected an alternate.

Garden Grove wanted the next executive to meet at that place, which was accepted. Some very encouraging reports and plans of work were given by the local presidents and superintendents.

Each of the eleven unions of the county was represented except the Orange and Placentia unions.

The following orators were introduced and gave a word of greeting: Mrs. Lizzie Keyes, Riverside; I. E. Patterson, Seal Beach; Mrs. Rockhold, of Riverside; Rev. Miller, pastor of the Methodist church; Rev. Lee, pastor of the Christian church, both of Huntington Beach; Mrs. E. T. Scott, of Redlands.

During the noon hour the Huntington Beach Union, of which Mrs. Armstrong is president, entertained about sixty guests at a splendid and bounteous luncheon in the church dining room, which compliment was highly appreciated and a vote of thanks was given the union for its hospitality.

At 1:30 o'clock the president called the institute meeting together for the afternoon program. The gavel used was a very unique one, being made from wood from the Crusade church in Hillsboro, Ohio. The date of December 24, 1873 was inscribed on a silver band which encircled the gavel. The owner was Mrs. Lizzie Keyes of Riverside.

Mrs. Elizabeth Elston, of Covina, state superintendent of civics and franchises gave a very helpful talk on the study of government. Mrs. W. B. Tedford spoke on "Scientific Temperance" and exhibited a number of posters made by the pupils of the intermediate school and told of the interest the pupils took in making the temperance posters. A solo was given by Mrs. Sundre, accompanied by Mrs. E. Probert. Mrs. L. C. Yeoman, of Anaheim, gave a talk on "Parliamentary Usage."

Mrs. Hattie Doughty of Los Angeles, state Y. P. B. secretary, spoke on the work of the young people and urged all W. C. T. U. unions to be more diligent in looking after the young people's branch. The Young People's convention is to be held in Santa Ana at the United Presbyterian church on August 26-27. As the county secretary, Mrs. H. H. McDore, is very ill, the members of the county Y. C. T. U. were urged to aid in assisting to make this Young People's State convention a success.

There are three Y. P. B.'s in the county. There are at Santa Ana, Tustin and Anaheim. The different unions were asked to furnish the meals for this each day. Anaheim volunteered to furnish the noon meal on Thursday; Santa Ana Union lunch Thursday evening; El Modena and Garden Grove, Friday noon, and Tustin, Friday evening.

Mrs. Lucy Goddard, of Huntington Beach, sang a solo. Mrs. Lizzie Keyes, state superintendent of medal contests, gave an interesting catechism discussion on that department of the work. The program closed with prayer by Rev. Miller.

Guests for Week-End

Miss Isabel McCraney and Miss Helen McCraney of East Newport were guests last week-end at the home of Mr. and Mrs. E. E. Keech, 201 East Washington avenue. The Misses McCraney, who have been spending the past two years in East Newport, will leave the latter part of the month for their former home in Toronto, Canada.

W. C. T. U. Meeting

Miss Myrtle Wilson of the School of Missions at Indianapolis, and Mr. S. V. Stipp of the same school, will speak tomorrow evening at 7:30 o'clock in the Christian church. A cordial invitation is extended to all to hear them. Miss Wilson and Mr. Stipp are enroute to the Philippines where they are going as missionaries.

WEDDING OF SON OF LEADER OF 'THE 400' TO BE EVENT OF NATIONAL INTEREST

The wedding of Sidney Webster Fish, son of the late Mrs. Stuyvesant Fish, last leader of "The 400" of New York and Newport, and Miss Olga Wiborg, a descendant of the Sherburnes of Ohio, will be a national event. Since the death of Mrs. Astor, Mrs. Fish was the best known woman in society in the United States. Her husband, Stuyvesant Fish, was a descendant of Peter Stuyvesant, governor of the Dutch colony of New Amsterdam. Hamilton Fish, secretary of state in the cabinet of President Grant, was a relative.

Miss Wiborg is the daughter of Frank B. Wiborg of Cincinnati, who retired from business with a fortune some time ago. He has a national acquaintance. Her mother was Miss Adeline Moulton Sherman, daughter of Mayor Hoyt Sherman, the youngest of the Sherburnes of Ohio, which had other distinguished members in Senator John Sherman and General William Tecumseh Sherman.

MISCELLANEOUS SHOWER

Mrs. W. J. Lindsay Entertains For Miss Ruth Collins and Miss Anna McFadden

The last of a number of charming parties for Miss Ruth Collins was given last evening by Mrs. W. J. Lindsay at her home, 801 East Third street, who was hostess at a charming miscellaneous shower in her honor and also complimenting Miss Anna McFadden, who will be a fall bride.

The rooms were attractively decorated with cut flowers and foliage. Fishing for favors was one of the amusing diversions of the evening. Each guest was given a miniature fish-pond and told to fish in an enchanted pond, which was hidden from view by a curtain of flowers and foliage. The two prospective bridegrooms caught especially handsome presents. Then the two guests of honor were given poles and each succeeded in bringing up a beautiful basket filled with dainty and attractive gifts.

House Party in Los Angeles

Mr. and Mrs. Fred Crozier are entertaining a number of young people this week with an informal little house party at their home in Los Angeles. Among the guests are Miss Marie Briggs, Miss Helen Anderson, Miss Mildred Crozier and Miss Florence Crozier of Santa Ana.

ARM IS FRACTURED IN FALL FROM CAR

G. G. Southren of Wintersburg sustained a fracture of the right arm when he fell from a beet car at one of the dumps of the Santa Ana Co-operative Sugar Company yesterday afternoon. Southren is employed by the sugar company on the dump located at Wintersburg. He was engaged in catching samples of beets for testing when he lost his balance and fell.

SAN BERNARDINO, Aug. 10.—Plans have now been completed for the county get-together assembly, which will be held at Urbita Springs on the evening of August 26. Every section of the county will be represented. Supper will be served under the big trees at the springs. There will be five-minute addresses by representatives of every city and town in the county, and the principal speech of the evening will be by some prominent Southern California man yet to be announced.

GIYPSY PAYS FINE WITH VEST BUTTON

TRENTON, N. J., Aug. 10.—When Marie Carabattza, a gypsy "queen," was fined \$18.75 in Mercer court for robbing a Pennington man of \$20, the members of the band lacked just \$4 of the total amount. The male leader then cut a button from his coat and offered it in payment. The button proved to be an English sovereign, and Lawyer Ellis Pierson lent the gypsy \$4 on it. The gypsy wore a double-breasted vest with ten "buttons," all English sovereigns.

Personals

State Senator Lyman King, editor of the Redlands Facts, was in town a few minutes yesterday afternoon, on his way home from East Newport, where he has domiciled his family in his cottage for the rest of the summer. The senator will spend week-ends at the beach.

AMUSEMENTS

At the Lyric

"The Marble Heart," a picturization of the famous play in four acts, with that popular screen star, King Baggot, assisted by Jane Fearnley and a big cast of Universal players, is the headliner at the Lyric theater tonight and the same program will also be presented tomorrow (Wednesday) matinee and night.

This four-act drama is adapted from the famous play "Filles des Marbrées" and tells a story of the dream adventures of a sculptor in ancient Athens and of a modern artist's real life tragedy at the hands of a beautiful coquette. The settings and scenery are magnificent and the play is worthy of your patronage. It is the same feature which was shown but a few weeks ago at the majestic theater, Los Angeles, at 25 cents. There will be no raise in price—five cents—afternoon or night.

BURLESON TALKS OF POSTOFFICE SERVICE, ITS FUTURE AND ITS NEEDS

By LOWELL MELLETT
[United Press Staff Correspondent.]
WASHINGTON, Aug. 9.—"What do you want to talk about?" asked the Postmaster General.
"Politics."
"Nothing doing," said the Postmaster General, cordially.
"Why not?"
"I absolutely can't, won't and shan't talk politics," said Mr. Burleson. "Try something else."
"All right, but why do they call you the politician of the cabinet?"
"I suppose that is because you writing people have to coin catch phrases to describe, catalogue, classify, and in some degree dramatize public men in the public eye. That's only my opinion. You folks did it and you ought to know why."
This interests him
"Speaking politics."
"We aren't speaking of politics," said the Postmaster General.
—what means this holler in the rural districts about restrictions of the rural free delivery?
The Postmaster General had been at least half interested in the papers on his desk, but now he swung sharply around in his chair. He removed his nose glasses—probably to save them from the heat of the sudden blaze in his eyes.
"There has been no restriction! Who says there has been? A revision is under way which gives service to many hundred thousands who are entitled to it, but heretofore have been denied it. This is being done without

JELLY MAKING

Timely Information for the Preserving Season

Many women have all kinds of trouble when it comes to making a good jelly. If the following simple instructions are carefully followed, the results will prove most satisfactory: Strain juice through a folded darning bag. Do not squeeze the bag at first. When the juice has dripped over night, the bag may be squeezed, but this juice should be kept separate. The jelly made from it will not be clear, but can be used for jelly cake, etc. Weigh sugar and corn syrup as fruit juice. The sugar should be heated and added slowly to the boiling juice; then add the corn syrup. Jelly may be tested by dropping a little on a cold plate. It is sufficiently cooked if it thickens slightly.
The ideal corn syrup for use in jelly making is the brand known as Karo (Crystal White). When properly blended with the sugar it will assure the heavy syrup so much desired, while avoiding the cloying sweetness which results when sugar alone is used.
Try Karo (Crystal White) syrup this preserving season, and ask your broker for the little Karo Preserving Booklet, which gives detailed instructions regarding jelly making and preserving.

increasing the cost of the postal service, and without taking away service from anyone who now has it. It is accomplished with money saved by eliminating waste effort, extravagance, special favors and privileges.
Here's An Example
"Just for example, Paris of hundreds of rural routes have been traveled by two or more rural carriers. There are cases in which as many as six or seven carriers, each getting from \$1000 to \$1200 a year, have been going over the same eight or ten miles of road. Politics! This vicious duplication of service was built up through a series of years by political influence. By cutting out these duplications we get a balance available for service in territory that has long deserved it.
"Do you know what retraces are? No. Well, I'll tell you. John Smith is a wealthy and influential farmer, living a half mile from a rural route. John uses his influence and gets an order requiring the rural carrier to go the half mile to his gate, deposit and collect mail and return to the main road—a full mile of extra travel. Eliminating twenty-six such half mile retraces is equivalent to eliminating an unnecessary rural route and special privilege amounting to \$1200 a year.

Readjustment of Service
"Between April 1 and July 10 the readjustment of the rural service and inauguration of motor vehicles service left \$821,754 for establishing new routes. With part of this money 735 new routes have been put in operation, serving 85,748 additional families, or 428,740 additional persons."
"What of your fight with the railroads?"
"I wouldn't call it a fight."
"To an innocent newspaper reader it looks—"
"No, it ain't a fight. The question of railway mail pay is purely and solely a business question, to be decided on its merits after thorough sifting, deliberation and analysis of the facts. The department desires to pay a rate reasonably compensatory to the railroads, taking into consideration all of the conditions of the service. Mails are not a commodity of commerce, and hence the question of whether a different yardstick should be applied to them is a debatable one. I have always held that while the mails may not be a commodity of commerce, transportation undoubtedly is, and that when the postoffice needs transportation it should pay a fair price for it.

Entitled to Low Rate
"However, the department is entitled to the lowest rate consistent with the business equities of the case. High cost articles of commerce which move in small volume and in the exchange of which a large margin of profit is involved bear high transportation charges. The mails move in large volume, are easily handled, impose little risk on the carrier and constitute a traffic into which the element of profit does not enter at all. To pay the roads more than a reasonable compensation on the basis I have indicated would amount to levying an indirect tax upon the general public for the benefit of private interest.
"A painstaking and thorough investigation has been made, running over a long period of time. The tests of reasonableness have been completed, both as to the rates and the methods of adjusting pay, and the results have fully justified the postal authorities in resisting the claims of the railroads.

No Answer to This
"The government, as a shipper of parcel post, should not be required to pay more than is charged other shippers for substantially the same service. There have been many instances where the railroads have carried the same matter both as express and as mail and have charged almost double for it as mail. Why should it cost the railroads any more to haul a given package because it carries the government label? How does an express company's label reduce the expense to the railroad?"

There being no apparent answer to this, the postmaster-general was asked what the next step would be.
"Largely because of the opposition to the railway mail section, the entire post office appropriation bill was defeated in the Senate last winter and the whole question went over to the coming Congress," he said. "Needless to say, I shall renew my recommendation on the subject. If the railroads are successful in their campaign for more pay, it will seriously hamper the proper development of the parcel post."

Pleasure in Work
This brought us right up to the postmaster-general's favorite topic. He admitted he had taken more pleasure from the opportunity to build up the parcel post system than from any other branch of his work. It is apparent, he said, that the public appreciates the new service and wants it developed to its maximum.

"Notwithstanding the business depression caused by the war," said Mr. Burleson, "the flow of parcel mail has steadily increased. An enormous traffic has come into being in little more than two years.
"The parcel post knits our country more closely together. It is the farmer's sole express facility; the farmer buys, and to some extent now, sells by mail. The farm-to-table adjunct of the parcel post offers the city householder the means of obtaining better farm produce at lower prices, and pro-

to its readers, who will ever be grateful for the opportunity offered by this grand educational distribution.

In addition to the 600 beautiful text illustrations are full page plates of the famous Tissot pictures in handsome colors. As Edward K. Bok, editor of the Ladies' Home Journal, says: "This Bible is not a meaningless picture book. The illustrations serve a distinct purpose. They enrich the text, but they do more—they intelligently EXPLAIN it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures."

You will enjoy this Bible, whether you belong to the church or not, for its "eye-teaching" pictures make it of rare educational value to all.

vides many farmers with a new lucrative market.
Speeds Up Express
"Here's something you may not have thought of: As a result of the parcel post competition, all express traffic now moves much more rapidly.
"I realize that the commercial shipper has had grievances. Many boards of trade have passed resolutions declaring the present postal service lacks features of express service which for them are absolutely indispensable, such as receipts for parcels, indemnity to an unlimited amount for loss and damage and so on. Recently orders were issued granting the mailer of a parcel the privilege of obtaining a receipt on payment of one cent and increasing the size limit from 72 inches to 84 inches, length and girth combined. This will include the standard commercial crate. The pick-up, C.O.D. postage and further extension of the size and weight limits will come in time."

"When do you expect to see the government ownership and postalization of the telegraph and telephone that you and other postmasters general have been recommending?" was a final question.
Government Control
"That is hard to say. The control and operation of all vehicles for the transmission of intelligence should be in the hands of the government. The function is specifically reserved to the government by the constitution. Telegraph and telephone utilities properly belong to the postal service.
"Whether this question appeals so forcibly to the public imagination that Congress will respond at once, is another question. Personally, I believe the time is not far away."

LOS ANGELES PRODUCE MARKET

Cantaloupes are showing more strength, and prices of the different grades of melons are \$1.25 and \$1.75 for large crates, \$1.35 for the pineapple pack, and 90 cents and \$1.00 for the Paul Rose variety. Local potatoes advanced to \$1.10 and \$1.15 a hundred weight, and the arrival of a car of sweet potatoes from the Imperial Valley caused a slump in the sweet spuds. Softshell walnuts are scarcer, and as a result prices were raised to 19 and 19½ cents a pound, while the jumbo size are practically off the market. Fancy Kelsey plums from Monrovia are in the market, and are bringing 60 and 65 cents a lug.

Talks to Farmers No. 3

CONTENTMENT

The vital things that go to make contentment on a ranch are what? First, a substantial profit from the soil itself. Second, livable conditions conducive to health, and third, social and educational conditions conducive to happiness. If you could find these three things securable within your means, you would consider you had almost an ideal condition in which to live and work, would you not? These are the conditions I offer and I desire you to investigate before purchasing elsewhere. Profit, because your land will pay you 25 to 50 per cent a year net, and should logically double and treble in valuation during the next few years, where the markets to buy your products are so well established that there are two solid miles of canneries and packing houses bidding against each other at all times to purchase from you at the highest market prices. Health, because statistics prove this section of California to be the most healthy in the state and happiness should be yours through both of the above reasons and further through existing social conditions. Farming on the edge of a big city of 50,000, where twenty minutes time and a street car will put you in the heart of the best of churches, schools, stores, theaters and the other social conditions that go to make life worth while, and you don't have to pay \$1000 per acre for the land either, although I believe this same land will sell for that five years from now, the price is \$200 per acre with all the water you want delivered to the highest part of your land, at a total cost to you of \$1.00 per acre per year, where other men are making good and getting rich. Yes, we can arrange the terms of payment to suit you. If you are looking for land call in and get my little book "FUNDAMENTAL FARMING FACTS," it has some vital points of interest to YOU.

We Try to Buy and Sell Good Goods

We believe it is best for all concerned in the end. Good goods are a credit to us and a source of satisfaction to our customers. We push the sale of Yost motor washers because we believe them to be the best water power machines made. There are other good motor washers, but they do not seem to do the work as well as the Yost.

We take all the chances if you decide to try one.

GERMANS SHELL CITIES. KILL 13: MAIM 12: AIR FLEET AIMS AT WARSAW, SCOTLAND

[CONTINUED FROM PAGE 1]
and in direct railway communication with Petrograd. Vilna is 225 miles northeast of Warsaw.
The dispatches say the libraries and museums have been removed and all industries stripped.
The probable evacuation is the result of the German smash against the Warsaw-Petrograd railway.

SERBIA WILLING TO ACCEDE TO BULGARIAN DEMANDS

NISH, Serbia, Aug. 10.—The possibility of a Balkan agreement whereby Bulgaria will attack Turkey, is imminent. It is officially announced Serbia is willing to make important concessions to Bulgaria.

GERMAN ZEPPELINS BOMB TWO RUSSIAN TOWNS

PETROGRAD Aug. 10.—A German Zeppelin yesterday bombed Bielsk, a railway center north of Warsaw, and killed one woman, wounding one child. Another airship bombed Kovel, with no casualties.

FRENCH CLAIM REPULSE OF BIG GERMAN ATTACK

PARIS, Aug. 10.—Germans with gas bombs today vainly attempted to take the French positions in La Petrie forest. Following a bombardment dense clouds of poison gas forced the French to desert their trenches.

A little later a wind sprang up and drove away the gas clouds, whereupon the French counter-attacked and hurled the Germans from the trenches.

GERMAN FLEET PENS SLAV SHIPS IN GULF OF RIGA

COPENHAGEN, Aug. 10.—The sudden appearance of a big German battle fleet has penned several Russian warships up in the Gulf of Riga.

A Petrograd official statement announces that the Russian vessels helped repel the German land attack on Riga, but predicted the Germans will soon attempt to batter their way into the gulf and sink the Russian ships, then bombard Riga.

Berlin does not contradict the Russian claim that one German cruiser and two destroyers were damaged Sunday.

Petrograd announces that the German fleet included nine battleships and twelve cruisers.

VIGOROUS CAMPAIGN UPON SERBIA IMMINENT

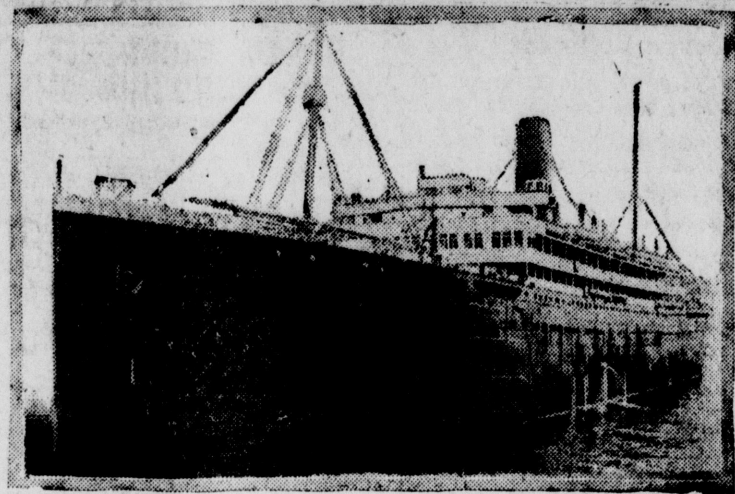

SALONIKA, Aug. 10.—The purpose of massing 100,000 Teutons on the Serbian frontier is evidently to make a big demonstration which may frighten the Balkan powers meditating joining the allies. A vigorous campaign against Serbia is imminent.

LONDON PRESS DISCUSSES UNITED PRESS 'SCOOP'

LONDON, Aug. 10.—Newspapers here comment today on the United Press query to the Kaiser yesterday and Von Bethmann Hollweg's reply regarding peace terms.

It is stated Germany cannot propound any peace terms suitable to the neutrals. The Allies are fighting to secure justice, liberty and exact retri-

CUNARD LINER ORDUNA, WHICH HAS BEEN IN PERIL FROM GERMAN SUBMARINES

Bution. Unless Germany yields these voluntarily, eventual peace will be dictated by Germany's conquerors.

The press stated that making peace overtures was a hopeless task for a nation which had proved its world-placed word worthless.

The Times, in a column editorial remarking on the Kaiser's failure to reply to the United Press query, says: "We sympathize with the United Press, also with the Kaiser, over the inevitable failure of this dashing effort at a splendid journalistic scoop. We do not doubt his majesty's regret at his inability to make a persona proclamation. All he could do was to order the chancellor to send a message, to the disappointment, we fear, of the United Press, and the utter destruction of a contemplated scoop."

PROTECTION IS GUARANTEED WARSAW CITIZENS

BERLIN, Aug. 10.—Prince Leopold, commanding the Bavarian troops holding Warsaw, has proclaimed ample protection for citizens and private property.

BRINGS SUIT TO COLLECT FOR BRIDGE WORK

This afternoon Attorney S. M. Davis filed a complaint in which L. McCracken, representing thirty men who worked on the Olive bridge, is suing the Chicago Bonding & Security Co., Troughton & Stoeker and the County of Orange for \$1493.23.

Troughton & Stoeker had the contract to build the Olive bridge but failed. The Chicago Bonding & Security Company was on the firm's bond, and took over the contract. Those represented by McCracken were employed by Troughton & Stoeker, and have never been paid.

NEWBET DISTRICT TO USE NEWPORT'S DREDGER

At a meeting of the directors of the Newbet Protection District this morning, it was decided to make use of a dredger owned by the Talbert Drainage District in doing some necessary work near the mouth of the Santa Ana river, at tidewater.

The protection district's dredger was burned last Friday morning. The protection district was left in a difficult position as a result of this loss, as it had work that ought to be done this fall and it has not enough money on hand to buy another dredger. While the drainage district dredger is much smaller than the one that was burned, it will be made to serve the purpose as best it can. The Newport Drainage District dredger may also be secured.

AUTO SMASH VICTIMS SHOW IMPROVEMENT

Chances for the recovery of J. E. Willson of 728 South Flower street, who was seriously injured Sunday evening on South Main street, opposite the Southern California Sugar Company's plant when he was thrown from his bicycle by a passing automobile, are considered more favorable today than yesterday. Willson's physician states that the injured man is doing as well as could be expected.

Mrs. Bert O. Sutton, corner of Ross and Thirteenth streets, who was severely injured Sunday evening at the corner of Sycamore and First streets when she and her husband were thrown from their motorcycle in a collision with an automobile, is reported to be improved today. She rested easily last night. She is suffering considerable pain from cuts and bruises.

CONSTIPATION CURED OVERNIGHT
A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is Podophyllin (May Apple) without the griping. Po-Do-Lax corrects the cause of Constipation by arousing the liver, increasing the flow of bile. Bile is Nature's antiseptic in the bowels. With proper amount of bile, digestion in bowels is perfect. No gas, no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your constipation overnight.

WOMAN MARRIES MAN WHO SLEW HER HUSBAND

DENVER, Aug. 10.—To the county jail here there comes every day a sweet faced little woman to see George A. Quinn, condemned murderer of her former husband. Quinn and the woman, Mrs. Nellie Coral Herbertson, were married recently that an innocent eight-months-old boy might have a name.

Quinn, in broad daylight last October, went to Herbertson's house with a shotgun and killed him. Formerly a teamster and still a giant in physique, Quinn has ambitious plans for the little boy born to himself and Mrs. Herbertson.

"I want him to be a prize-fighter," proudly said the father who is to be hanged next October. "Look how well built that kid is."

Mrs. Quinn, however, has other plans for the baby, Leo. "He is to be well educated because," she said, "a fellow without an education never has a chance."

Relatives are caring for mother and child.

The wedding ceremony in the warden's office was the most dramatic ever seen by officials here. With the shadows of the jail bars falling across Quinn's face and with the baby sleeping soundly in the arms of the bridesmaid, Justice Henry Bray pronounced the ritual. Mrs. Herbertson, her voice clear, repeated the words that bound her to the murderer of her husband, only faltering when the justice reached the words, "till death do us part." The thought of the hangman, however, was mitigated by the knowledge that her son is to face a future with a name, if only a murderer's. The ceremony finished, Quinn seized her in his arms and kissed her fervently before led back to his cell.

WOMAN KILLED AS TRAIN RAMS AUTO

NEW YORK, Aug. 10.—Mrs. Mary Knowles, 40, of Belmar, N. J., was killed and Mrs. Edgar S. Werner, 40, of No. 9 East Thirty-ninth street, was seriously injured when Mrs. Knowles drove her automobile in front of a passenger train of the Central Railroad of New Jersey at Long Branch, N. J.

As Mrs. Knowles drove toward the crossing a flagman raised his arms and it is supposed she misunderstood the signal.

The Store of Certain Satisfaction.

It is a Satisfaction to a Man

To know that should he be taken away his family will enjoy the fruit of his life's labors.

It is affirmed on high authority that the average inherited estate is dissipated at the end of the seventh year, but this does not apply to estates administered by trust companies. Your consideration of this matter will be aided through a conference with an officer of the Orange County Savings & Trust Company.
